CO-CURRICULAR ACTIVITIES

Each student, from sixième to seconde (Sixth-Tenth grade | Year 7-11), participates in three club activities, selected for a semester, totalling nine hours per week. These activities are also open to the French baccalaureate cycle terminal and IBDP students, subject to their timetables.

Why? Because education goes beyond the classroom. Personal growth also happens through sport, art, creativity, discovering talents, and embracing new passions. These co-curricular activities are an essential complement to academic activities; they provide an opportunity for each student to explore, showcase their talents, and sometimes even discover a vocation.

The cost of most activities, as well as all cultural day-trips, is included in the school fees.

Included in school fees:

SPORTS

- Boxing
- Martial arts
- UNSS teams
- Yoga

CULTURE

- Visual arts
- Chess
- Cooking workshop
