WHERE HERITAGE MEETS ADVENTURE

Since 1899, École des Roches has welcomed students from around the world. Discover France, share boarding-school life and make international friendships with students from 30+ nations on our 50-hectare campus in Normandy, one hour from Paris by train.

CHOOSE YOUR SUMMER EXPERIENCE

Language Immersion Camp

22 hours per week of French or English, along with cultural discovery and summer activities.

Ages 9–17 | €3,950 per 2-week session | 2, 3, 4, 6, or 8 weeks

Sports & Skills Camp

16 hours per week of French or English, and 10 hours per week of a specialist activity (Culinary, Equestrian, Go-Karting, Golf, Padel, or Tennis).

Ages 12–17 | €4,850 per 2-week session | 2, 3, 4, 6, or 8 weeks

AI & Tech Camp

Two age-appropriate pathways for artificial intelligence, robotics and coding, along with cultural discovery and summer activities.

Ages 11–17 | €4,850 per 2-week session | 2, 3, or 4 weeks

LANGUAGE IMMERSION CAMP

Ages 9–17 | French or English | €3,950 per 2-week session

Qualified teachers specialising in French or English as a Foreign Language guide students' progression from basic communication to confident expression through 22 hours each week. Each morning's lesson builds practical skills that students put to use at once, researching and planning excursions to Parisian landmarks, Monet's Gardens, or Normandy's historic sites, before setting off to experience them firsthand.

LANGUAGE INSTRUCTION

- **Lessons:** A comprehensive programme developing all language competencies, with 22 hours of French or English instruction per week.
- **Oral and Written Comprehension:** Interactive activities fostering understanding across contexts.
- **Expression Skills:** Speaking and writing practice through engaging, real-world scenarios.
- **Cultural Preparation:** Language instruction integrated with upcoming excursions to French landmarks.
- **Small Classes:** 12–15 students grouped by proficiency level following CEFR-aligned curriculum.
- **Certificate:** Every student receives a language competence report and course certificate.

SUMMER CAMP 2026

SPORTS & SKILLS CAMP

Ages 12–17 | French or English | €4,850 per 2-week session

This programme pairs 16 hours of French or English each week with 10 hours of expert-led training in one specialist activity, chosen by the student for each two-week session. Mornings build practical language skills, while afternoons include focused coaching in their specialist activity.

LANGUAGE INSTRUCTION

- **Instruction:** A comprehensive programme developing all language competencies, with 16 hours of French or English instruction per week.
- **Oral and Written Comprehension:** Interactive activities fostering understanding across contexts.
- **Expression Skills:** Speaking and writing practice through engaging, real-world scenarios.
- **Practical Application:** Language instruction integrated with upcoming excursions to French landmarks.
- **Small Classes:** 12–15 students grouped by proficiency level following CEFR-aligned curriculum.
- **Certificate:** Every student receives a language competence report and course certificate.

SPECIALIST ACTIVITIES

Students choose one activity per two-week session, spending 10 hours each week in intensive instruction.

- **Culinary Workshops:** Explore French gastronomy through hands-on cooking experiences.
- **Equestrian:** Experience horseback training including dressage, jumping, and countryside riding.
- **Go-Karting:** Develop racing skills with professional instruction.
- **Golf:** Develop technique on our practice range and chipping green, with access to full-course play.
- **Padel:** Master this dynamic racquet sport through intensive instruction.
- **Tennis:** Train with expert coaching in stroke technique, match tactics, and competitive play.

AI & TECH CAMP

Ages 11 – 17 | English & French | €4,850 per 2-week session

Learn how intelligent machines work by building them. In our campus laboratories, small groups combine robotics, coding and artificial intelligence in hands-on projects, from programming a first robot to training a machine learning model. Students develop scientific method and critical thinking through inquiry-based learning, and discover technology as creative problem-solving. Technology sessions are taught in English and French. Separate language lessons are not part of this programme.

AGES 11 – 14

Build Your First Smart Robot

Work with AlphAI's educational interface, mBot and LEGO Spike robots. Discover how machines sense their environment, make decisions and improve by learning from data.

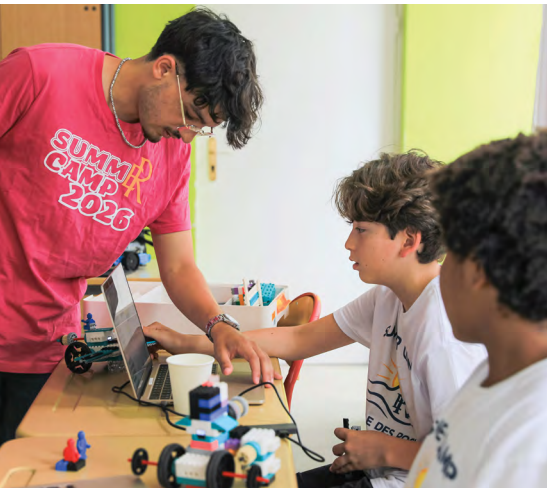

AGES 15 – 17

Advanced Robotics & AI

Dive into Python programming, machine learning, decision-making, data processing, automation, and more. Master the tech shaping the future.

TECHNOLOGY INSTRUCTION

- **Robotics:** Design, build and program robots, from sensor-driven first builds at 11 – 14 to automation projects at 15 – 17.
- **Coding & Computer Science:** Learn programming logic, develop applications, and tackle collaborative coding challenges.
- **Artificial Intelligence:** Understand how AI works, explore practical applications, and engage with ethical considerations.
- **Small Groups:** 12 – 15 students ensuring personalised attention and experiential learning.

CAMP

BEYOND THE CLASSROOM

Learning Balanced With Leisure

Days are full of play and discovery. Across 50 hectares of Normandy countryside, campers swim in the pool, play tennis and team sports, try the climbing walls and train in the fitness suites. Visual arts, digital photography, music and dance fill the creative side of camp, and friendships form between young people from many countries.

A DAY AT CAMP

Mornings are devoted to classes, taught in small groups by experienced teachers. Afternoons open up for sport, creative workshops and time in the pool, and evenings bring everyone together for team games, music and shared activities. Excursions around France and unhurried time on campus are when friendships deepen and campers make the most of summer.

CELEBRATION

Each two-week session includes a themed disco night where students dance, celebrate, and create lasting memories with new friends.

Cultural Excursions

Discover France with four excursions per two-week session, included with all our camp programmes. From the grandeur of Versailles to the serenity of Monet's Gardens, each journey brings French culture, history, and adventure to life.

CULTURAL DISCOVERY

- Parisian landmarks
- Palace of Versailles
- Monet's Gardens
- D-Day Landing Beaches
- Historic cathedrals and châteaux

ADVENTURE EXPERIENCES

- Disneyland Paris
- Treetop climbing
- Natural parks
- Coastal exploration

AT HOME IN FRANCE

The École des Roches Summer Experience

ALL-INCLUSIVE BOARDING

Students from 30+ nationalities share comfortable rooms (4–8 students) in single-sex houses grouped by age. Recently renovated historic buildings blend château charm with modern amenities: social lounges, fitness suites, cinema rooms, kitchens, and refined common spaces for studying or relaxing between activities.

COMPREHENSIVE CARE & SUPERVISION

Experienced house parents live in each residence, providing supervision, support, and guidance throughout students' stay.

EXCEPTIONAL DINING

Our restaurant serves three daily meals prepared by professional chefs using fresh Normandy ingredients. The self-service format offers abundant choice: authentic French specialties alongside international favourites, with full accommodation of all dietary requirements.

SEAMLESS ARRIVALS & DEPARTURES

Our supervisors meet students at Paris Charles de Gaulle Airport (CDG) with École des Roches signage and escort them to campus. Standard transfers for flights between 11 am and 3 pm on programme start and end Sundays (20 June, 4 July, 18 July, 25 July, 1 August and 15 August) are included. Alternative arrangements are available for €400, and additional campus days cost €140 per day.
